STADT Projekt Nr. 27

## Bern

## Alt-Stadtplaner übt Kritik an der «Spektakelarchitektur» in Brünnen

In Bern-Brünnen werde die Stadtbaukultur zugunsten von «autistischen Einzelentwürfen» vernachlässigt, sagt Alt-Stadtplaner Jürg Sulzer. Bauherrschaft und Architekt eines preisgekrönten Projektes wehren sich.

Zwei Architekten haben eine Alternative zur Überbauung im Wald entworfen.
